WHAT WPC CLADDING IS

DESIGN GREEN LIFE

DEGE WPC Cladding is made of high strength, water resistant, and strong weather resistant composite materials, which is easy and convenient to be installed.
DEGE WPC Cladding is safe and qualified in application and beautiful in the landscaping. It is also the new landscape materials in house building. It is widely used in the outdoor wall decoration of residence, office, hotel and so on.

With the perfect mix of durability and beauty, our cladding is some of the best in the industry

Very Low Maintenance
All our boards are hard-wearing and easy to maintain.

No Rotting Or Warping
A unique material composition resistant to the damaging effects of moisture build-up.

25 Year Residential Warranty
High-quality, long-lasting products with a 25-year warranty.

Eco-Friendly
A long-lasting material composed of a blend of recycled plastic and wood fibres.

No Splintering
The material composition ensures long-term safety and assurance.

Strength And Durability
Unlike timber, our boards retain their strength and durability throughout their life.

Designed in Germany

Made in China

CLADDING

Let's Discover DEGE Cladding Range

Make the cladding possess the perfect blend of beauty and lasting to make you rely on it.

Elegant Color Variations and Different Surface Finishes

DEGE's multi-range cladding is suitable for every need. Elegant colours, combined with different surface finishes, results in an unmatched choice for different conditions that look great and will stay that way. High performance, low maintenance, DEGE cladding can satisfy you.
Take your pick from DEGE's range of five exterior wpc cladding: the advanced coextrusion range, the popular authentic range, the simple elegant range, the affordable classical range, the pleasant deluxe range.

DEGE ADVANCED CLADDING

DEGE Advanced cladding provides an attractive finish for any outdoor construction or building. Our advanced cladding products offer the quality, feel and characteristics of wood, but they are more durable, and are environmentally friendly.

DEGE AUTHENTIC CLADDING

DEGE Authentic cladding is an ever incresingly popular choice for finishing the outside of commercial and domestic building. It provides a hardwearing, protective layer against the elements and is an excellent insulator.

DEGE ELEGANT CLADDING

DEGE Elegant cladding takes simple style design, providing better soundproof and heat preservation effect. With high efficient installation method, applied for cottage and hotels outer decoration.

DEGE CLASSICAL CLADDING

DEGE CLASSICAL cladding is the popular item in DEGE. Take connecting style design, high efficient installation, with lots of surface treatments including sanded, wire-brushed, wood grain and 3D embossed and so on, can be used for residences or cottages external decoration.

DEGE DELUXE CLADDING

DEGE Deluxe cladding can be used as a color-stable alternative to real timber planks. When used for exterior applications, Deluxe wall cladding is an attractive and economical way to finish the exterior of both new and refurbished buildings and never needs painting, staining or treating, saving you time and money.,
