Company Introduction

Changzhou Dege Decorative Material Co., Ltd is the professional manufacturer of carpet tiles, artificial grass and flooring since 2000. All of our products have passed ISO9001, ISO14001 and CE certificates.

Our company is located in Changzhou City, Jiangsu Province, China. It is near Shanghai, about one and half hours to our factory by car and it is very convenient for the customers from all over the world to visit our factory.

Our factory covers an area of approximate 25000 square meters. Our annual output is more than 5,000,000 square meters of carpet tiles, 8,000,000 square meters of artificial grass and 10,000,000 square meters of flooring. With first-class production lines and diamond tools imported from Germany, numerous kinds of carpet tiles, artificial grass and flooring can be provided to meet different demands of our customers and meanwhile we can provide OEM service.

Thanks to our high quality and competitive price, we have already formed stable business relationships with clients around the world. Our products sell well in

Eastern Europe, Western Europe, Central Asia, North America, Middle East, Southeast Asia, Africa.

High quality and customer satisfaction is our first aim. We will continue to develop super class products. We warmly invite overseas business partners to cooperate with us on base of mutual benefits and win-win for all. Please feel free to contact us for more information. We look forward to receiving your correspondences in the near future.
